BALANCED PORTFOLIO OF ASSETS

Barwa Outperformed the KPMG Qatar Residential Rental Index over 2016-2019

Current Mix

- Residential assets with labour rooms offers predictable recurring revenue
- Mixed use property leverages both commercial and residential units effectively.
- Warehouse segment complements government thrust on industrialization

Forward Mix

- Foray into development of assets which are aligned with long-term market requirements
- Building affordable residential units
- Increasing development in freehold areas like Lusail

Way Forward is to continue to modulate products based on market & stakeholder demand

*Yield= Revenue/ Investment Properties (Operating Assets + Properties under development + Land bank) = at FV

#Reduction in yield for FY19 is on account of significant increase in value of investment properties, majorly attributable to increase in value of land banks.

Inherent Strength built over time resulted in strong Brand Preference...

Timeliness

- Proven developer and operator of a range of assets with timely delivery
- Barwa was able to conclude the construction of Madinat Al Mawater phase 1 & phase 2 projects and Barwa Village Extension projects two months ahead of schedule

Quality

- Quality control is paramount despite tight cost measures
- Routine quality checks at various stages of project life cycle
- Barwa ensures high quality of projects despite our keenness in controlling costs
- Barwa continues to pursue high quality of construction in the future projects

Cost efficiency

- Private sector mindset- cost optimization, efficiency are the key focus areas
- Barwa strives to ensure that all projects are completed at competitive construction costs without compromising on the quality.

Local Expertise

- Understanding of local preferences and effectively built/enhanced private sector capabilities
- Customised delivery model to support government vision, a preferred partner for government initiatives

- In 2004, Qatar ratified Law 17 allowing expats to purchase property in Freehold areas, which gives buyer the title to land as well as structure

- By March 2019, the number of free hold zones increased from 3 to 10

Till date there has been limited impact due to market conditions , The implementation of the 2-tier permanent residency system in Q3-2020 is expected to :

- ✓ Create more incentives for investors and owner occupiers to purchase real estate in Qatar
- ✓ Facilitate a more mature investment market, which will evolve over time
- ✓ Increase in the choice of product and price range available

HOW IT BENEFITS BARWA?

It creates opportunity for:

- ❑ Building more residential units like Lusail Dara A which have mid to high mid residential units built to sale (BTS) model for the developed units
- ❑ Outright sale of the land bank to investors

- National Vision 2030 lays the foundation to create an impetus for long-term all-round development

QATAR REAL ESTATE – AN OVERVIEW

Residential Sector

- Recent law amendment of expanding freehold ownership in residential sector and subsequent introduction of the 2-tier residency system to provide further incentive to foreign owners to have outright owner
- Currently facing lower demand on account of rising supply in the market

Retail Sector

- Currently witnessing a constant influx of both small and large malls in the country
- Amid competition from newly opened super regional malls, oversupply has led to reduced rentals in the sector

Commercial Sector

- Witnessing a significant expansion of Grade A commercial office space
- Addition of new office space is expected for Qatar in the next decade, most notably in Lusail's Marina District and Energy City, West Bay, and Msheireb

Healthcare Sector

- Major projects to improve Qatar healthcare services are underway
- Major expansion projects - Hamad Medical Corporation (HMC) facilities, primary healthcare centres, emergency hospital and the establishment of new health centres over a period of five years

Education Sector

- Spending on education sector is on the Government's strategic agenda with a total outlay of QAR 19.2 billion in the budget 2019, 9.3% of the total expenditure
- Major educational projects underway in the field of engineering, medicine, law, and pharmacology of Qatar University. The fund also includes QAR 6.8 billion for launch of new schools over the next five years
- Government is considering PPP model to build schools & is floating tenders for the same
