QATAR ECONOMY

QATAR ECONOMY – AN OVERVIEW

QATAR ECONOMY IS EXPECTED TO CONTINUE THE GROWTH MOMENTUM

AT A GLANCE

- Population 3.1 million (Source: IMF Data April 2025).
- GDP Current Prices (2025) US\$ 222.7 billion (Source: IMF Data April 2025).
- Gross domestic product per capita, current prices (2025) – US\$ 71,652 (Source: IMF Data April 2025).

POISED FOR OVERALL GROWTH

- Qatar's natural gas resources are the country's main economic engine and contains approx. 14% of all known naturalgas reserves.
- In recent years, Qatar has witnessed higher contribution of non Oil & Gas sectors like real estate, infrastructure, manufacturing & financial services as a part of GDP.
- IMF projects 4.1% CAGR growth in Qatar's GDP from 2024-2030 (constant prices).
- Population is expected to be around 3.18 million by 2030 as per the IMF.

DEMAND DRIVERS

- Residency for expats by purchasing US\$ 200,000 worth real estate.
- National Vision 2030 lays the foundation to create an impetus for long-term all-round development.

QATAR REAL ESTATE – AN OVERVIEW

Residential Sector

- Recent law amendment of expanding freehold ownership in residential sector and subsequent introduction of the 2-tier residency system to provide further incentive to foreign owners to have outright owner
- In order to boost the real estate sector and in realization of National Vision 2030, Qatari Diar
 recently launched Simaisma Project, which will span over 8 million square meters, featuring a 7 km
 waterfront that stretches over Qatar's eastern coastline. Thes project includes luxury resorts
 spread across four distinct areas, a theme park, 18-hole golf course, residential villas, a yacht club
 and a marina, as well as restaurants and shops.

Retail Sector

 Amid competition from newly opened super regional malls, oversupply has led to reduced rentals in the sector

Commercial Sector

 Addition of new office space is expected for Qatar in the next decade, most notably in Lusail's Marina District and Energy City, West Bay, and Msheireb

Healthcare Sector

- Major projects to improve Qatar healthcare services are underway
- Major expansion projects Hamad Medical Corporation (HMC) facilities, primary healthcare centres, emergency hospital and the establishment of new health centres over a period of five years

DEMAND DRIVERS

Qatar National Vision 2030

4 PILLARS OF DEVELOPMENT

Human Development: Development of all its people to enable them to sustain a prosperous society

Social Development: Development of a just and caring society based on high moral standards, and capable of playing a significant role in global partnerships for development

Economic Development: Development of a competitive and diversified economy capable of meeting the needs of, and securing a high standard of living for, all its people both for the present and for the future

Environmental Development: Management of the environment such that there is harmony between economic growth, social development and environmental protection

Expansion of the freehold and leasehold property net has been a key driver of Qatar moving from rental based to sales-based economy. This will have significant impact on the local real estate, leading to higher investments from the expatriate category.

The National Tourism Council has continued to introduce measures to boost tourism numbers following the introduction of visa-free travel for 80 countries. Government has extended the validity for Hayya Card, wherein travelers can enter the country free of any charges. Post FIFA in 2022, Qatar is investing significantly in sports related activities. Several sporting events are planned for coming years which will ensure stable occupancy for hotels and hotel apartments.

Qatar Central Bank has amended mortgage regulations applicable to all banks within the country. The revised regulations categorize loans based on factors such as the amount of the loan and the nationality of the applicant (Qatari and expatriates).
